THE GROWING MINDS OF TODAY DESERVE THE INNOVATIVE TECH OF TOMORROW

With all of the key initiatives for new technology and 1:1 programs, building a sustainable IT budget for years to come is more important than ever. Partner with IFS and build a custom leasing program that will enhance both teaching and learning within your school district.

With an IFS leasing program, you will be able to:

Accelerate Deployment

Acquire the equipment you need now, utilizing current budget.

Avoid Technological Obsolescence

Match your technology with current district pedagogical objectives.

Simplify And Plan Refresh Periods

Coordinate the refresh of your equipment during summer.

Align Payments With Budget Cycles

Match your annual payments to the school calendar or funding disbursement.

Flexibility To Fit Your Needs

Build a custom lease program specific to your school district's requirements.

Track And Manage Your Assets

Track your assets, leases and maintenance contracts through our proprietary asset management system.

Contact us to learn how a leasing program with **Insight Financial Services** can help you build the **21st century classroom**.
